Who we are

Domestic abuse services Wokingham (DASS) is a service delivered by Cranstoun, a charity with over 50 years' experience of empowering people to live healthy, safe and happy lives. DASS brings together an integrated range of programmes and interventions, each delivered by staff with unique skills and experience in domestic abuse, allowing us to deliver the best support possible for the Wokingham community.

The interventions include:

- DASS outreach service
- Seeking Safety/Freedom programme
- Men & Masculinities
- Children and young people's programme
- Refuge provision

About Cranstoun

Cranstoun is a charity empowering people to live healthy, safe and happy lives.

We offer a wide range of services across England, including domestic abuse services, supported housing, specialist services for children/young people, families and carers and community-based substance misuse services.

Our skilled and compassionate teams work with service users, families and communities, helping them to make positive changes. We've been making a difference since 1969 by combining our expertise with innovative approaches and putting people at the heart of what we do.

Our programmes

DASS outreach service

Support and advocacy service for 16+ year olds, working with those at all risks of harm from intimate partners, ex-partners or family members to secure their safety and the safety of their children. The service will provide a One Stop Shop that offers advice and support appropriate to the needs of each specific situation. The outreach service works with those from all genders and sexualities.

Programmes

Seeking Safety: a 12-week programme with safety as the overarching goal, helping clients attain safety in their relationships, thinking, behaviour and emotions.

Freedom: a 12-week domestic violence course identifying the roles, attitudes and beliefs of the abuser, and helping victims make sense of what has happened to them.

Men & Masculinities

A programme designed to support men to make positive changes, and accompanying Women's Support Service (CWSS) that provides support, empowerment and safety for women whose (ex-)partners are attending the Men & Masculinities programme.

Women using abusive behaviours

A 16-week one to one programme for females

that are identified as the primary or predominant aggressor with accompanying (ex)partner support.

Children and young person's programme

A 10-week one-to-one programme for children aged 10-18 yrs. The programme will cover the impact of domestic abuse on children and keeping children emotionally and physically safe. It will provide a safe, nurturing and positive space for children to play, express their feelings, build resilience and improve emotional health.

LGBT+

A newly developed 12-week victims/survivor offer for those identifying as members of the LGBT+ community.

Refuge

Provides families experiencing, or at risk of domestic abuse with refuge accommodation and floating support, including short-term support and addressing onward housing needs.
